Dr. Hernandez is a Board Certified Plastic Surgeon with over 15 years of practice in Aesthetic Plastic Surgery. She obtained specialized training with world-renowned plastic surgeons. The practice philosophy is safety, integrity, honesty, excellence in surgical skills and exceptional patient care. Her core sub-specialization is complete facial rejuvenation. Face, eye, neck and endoscopic brow lifts are her preferred procedures. Best candidates for surgery are individuals with realistic expectations. Dr. Hernandez understands the improvement in self-esteem that these procedures bring to patients. Patients look like themselves after surgery but with a natural, younger, and rested appearance. Procedures are performed at a fully accredited surgical suite with an overnight facility. The surgical team includes a Board Certified Anesthesiologist and Registered Nurses. The practice also offers skin care, permanent make-up, laser hair removal, resurfacing lasers, Botox injections and facial fillers.
